Introduction

Many of you have already commented your answers, but feel free to comment them again, in case they've changed.

Welcome back, kits! I've had this unpublished for long enough now!

I have a *very* important announcement to make!

I will not be checking the comments because I get hundreds of notifications from this book a day. So, if there is anything your really want me to see, tag me or ask on my profile. Thank you.

Tell me on my profile if it glitches again.

#1

Which Clan is best suited to your skills? Of does jot necessarily have to your favorite Clan, but it has to be the one that suits you best.

~My answer~

WindClan. Honestly, it isn't my favorite Clan, but it suits me best.

#2

How many kittypets joined the Clans from arc one to arc four?

#3

If you were a Clan cat, what would your rank be?

~My answer~

I'd be either a new warrior, or a deputy.

#4

Do you think ThunderClan was right to protect Brokenstar?

~My answer ~

Oddly enough, I actually say yes.

#5

If you were a warrior, what would your name be?

~My answer ~

My name would Snowsong or Nightecho. There are more, but that's all I'm doing for now.

#6

If you were a warrior, where would you live?

~My answer~

I'd either be a rogue or live in a Clan.

#7

If could would you be a kit mother/father? If so, how many kits would you have?

~My answer ~

Yes, if I ever found the right tom, in time. And as many as I have I guess.

#8

If you had to kill one of these cats, which one?

-Ashfur
-Spottedleaf
-Sandstorm
-Ivypool
-Tallstar

~My answer ~

Spottedleaf. No hesitation. Not a second glance.

#9

Guess who each cat is.

1. Died in fire in ThunderClan camp
2. Mistystar's sister
3. Stonefur's (still living) sister
4. Bramblestar's brothers
5. Gray Wing's mates
6. Hawkfrost's mother
7. Bramblestar's mother

#10

Would you rather be killed by a small Twoleg dog, or by a falling tree branch?

~My answer~

Tree branch. I'd be shoving an apprentice/kit out of the way.

#11

What would you name your Clan if you could?

~My answer~

EbonyClan or IvoryClan.

#12

If you were a medicine cat who had kits what would you do?

-Step down from medicine cat duties
-Give them up
-Kill them

~My answer ~

Step down from my duties and most likely get exiled.

#13

If you found out there was a prophecy saying one of your kits would bring a great darkness to the forest, what would you do?

-Kill it
-Send it away
-Give it away
-Make it become a medicine cat
-Toss it out and hope it survives
-Ignore the prophecy

~My answer~

I'd ignore the prophecy because I'm a stubborn little butt.

#14

What six cats ventured far outside of Clan territory to find a badger? What five returned? Which two weren't supposed to come?

#15

This chapter is dedicated to IceShard16

So, I'm going to give you the personality of a cat, and you get to give me the pelt color, gender, rank in Clan (if it is a Clan cat) and name. I will do several cats. I will write a short story about as many of the cats you create as I can. Or maybe I'll just add it one of my stories. And please keep in mind, sweet-natured does *not* mean they are a female medicine cat, but if that's how you create them, cool.

1.) Kind-hearted, sweet-natured, wants to be a mother/father, age: 18 moons.

2.) Ill-tempered, easily annoyed, sharp-tongued, age: 36 moons

3.) A friendly cat to most, good hunter, quick-whitted, age: 15 moons

By the way the cats you create will be in my story *Legacies Of The Fallen* ! { Unpublished }

#16

How would you die out of

-Dog attack
-Another warrior
-Twolegs
-Monster
-Saving another Clan's kits from drowning

~My answer ~

Saving another Clan's kits.

#17

If you had to kill one of these cats, which would it be?

-Silverstream
-Brightheart

~My answer~

Silverstream. I hate her.

#18

Would you rather die fighting for Scourge, or die fighting Scourge?

~My answer~

I don't like Scourge, so die fighting him.

#19

Warning: This story part contains spoilers for *Warriors: Dawn of the Clans* !

If you *had* to rename *all* the Clans - except for StarClan - what would they be? And why?

~My answer ~

1.) ThunderClan - LeafClan

Reason:

The reason ThunderClan is called ThunderClan is because the first leader was named Thunderstar. My favorite ThunderClan cat from *Warriors: Dawn if the Clans* (if you haven't read that series you may not understand everything) was Leaf. He was nice, loyal, and just all together great. He deserved to someday be leader.

2.) SkyClan - MoonClan

Reason:

Though Moon Shadow was proud and kind of arrogant, I loved him. He was noble, and a great cat and should've been leader over Clear Sky. I was very sad when he died.

3.) ShadowClan - FrostClan

Reason:

Frost isn't a very well known character, but he possessed the qualities of a leader. He started out in Clear Sky's group, but when fire struck, he was left permanently damaged. Clear Sky then forced him to leave. Now, I know, "But he was permanently damaged! He can't be leader!" But Nightstar had bad asthma, and he was a great leader, in my opinion. Frost was technically part of WindClan, but I couldn't really think of a ShadowClan cat I liked better as a leader

than Tall Shadow (Shadowstar) except for Sun Shadow. But it couldn't be Sun Shadow because he was Moon Shadow's son. And then father and son would be rivals if Moon Shadow had become leader. Anyways, I soon found myself rooting for Frost in everything he did, and his tragic death took me by surprise. But he should've lived longer and been known as Froststar, of FrostClan. And besides, Tall Shadow was leader of the group that would one day be WindClan at the time. Who knows, had Frost lived long enough, he may have chosen to live with Tall Shadow.

4.) RiverClan - ShatteredClan

Reason:

River Ripple was by far my favorite RiverClan cat, so this was hard, but, finally, I decided Shattered Ice would have made a great leader. He was smart, skilled, and quick to use his intelligence. I believe, had something happened to River Ripple, Shattered Ice would've been leader.

5.) WindClan - SwiftClan

Reason:

Well, I thought Windstar was a jerk. And Gray Wing should've been leader. He possessed every quality every leader ever should've possessed. He went through a lot and should've been rewarded by being leader. The reason I chose the name 'SwiftClan' is because GrayClan doesn't sound that good. Neither does WingClan. I considered FlightClan, but I didn't like the ring of it. But SwiftClan, a bird's wing is *swift*, the moor runners known as WindClan are *swift*, and Gray Wing's spirit is *swift*.

You see, naming a Clan is about three main things:

1.) The first leader.

2.) The qualities of the Clan.

3.) What *feels* right in to you.

So, before you write fanfictions about *Warriors*, be sure to think

about the names of the warriors and Clans.

Guys, so I realized that this sort of looks like I'm sexist against women because all the leaders I changed were toms, but I'm not. In fact, I am a woman. I just couldn't really find any she-cats I thought would make better leaders than the toms I mentioned. Keep that in mind, please.

#20

If you had to choose between your life and a random rogue's life, which would you choose?

~My answer~

Depends on the situation.

#21

Would you rather be forced to kill Yellowfang, Jayfeather, or Cinderpelt?

~My answer ~

Yellowfang.

#22

Would you rather be seriously injured as an apprentice and have to live out the rest of you days in the elders' den, watching your littermates grow up and be happy, ***or*** be captured by a twoleg and live out the rest of your days (perfectly healthy) out in the country as a free-ranged (you can go wherever as long as you come back night) kittypet?

~My answer~

Probably kittypet.

#23

Would you rather be killed fighting Tigerstar, or be killed fighting Brokenstar?

~My answer~

Tigerstar.

#24

Spottedleaf X Firestar

Yes, or no?

~My answer ~

I'll quit the fandom before I sail that ship.

#25

Graystripe X Millie

Yes, or no?

~My answer~

Yes!

I am just going to say , if no , do *not* hate on Millie . I love her and I don't want see any hate in the comments . If it's a yes , comment all you want because you won't be hating . If it's a no , simply comment , " No ." Pretty easy not to hate if you ask me .

#26

Would you rather kill Firestar, or Dovewing?

~My answer ~

I actually really like Firestar, so Dovewing.

#27

Who would you kill?

-Fallen Leaves
-Half Moon
-Gray Wing
-Wind Runner
-Gorse Fur

~My answer ~

Wind Runner. -_-

A/N:

Hmmm... Is it bad that "Who Would You Kill?" story parts are my favorite?

#28

Would you rather be a warrior with an unnatural pelt, or be kittypet-turned-warrior (like Firestar and Cloudtail) with no front claws?

~ My answer~

Kittypet-turned-warrior. I actually came up with a whole bunch of battle/hunting moves for a cat with nor front claws.

#29

Would you rather go to The Place Of No Stars, or be a spirit with no residence?

~ My answer~

Place Of No Stars.

#30

Would you rather be a kittypet who got into a fight with Clan cats that is hairless, or be a kittypet who got in a fight with Clan cats that has no claws?

Disadvantage to #1: Being hairless is a big disadvantage because your fur protects you from wounds.

Disadvantage to #2: Having no claws is a disadvantage because, duh!

Advantage to #1: You'd have claws.

Advantage to #2: Well, with the warrior code, the Clan cats wouldn't be too mean, but of they got too rough, you'd have a pelt to protect you.

~My answer~

No claws. Hairless vats kinda freak me out. O.o

#31

If you could have an unnatural pelt color, what would it be?

~ My answer~

Um, that's tough. I'll answer later.

#32

What would you look like if you were a warrior cat? You'd have to be natural though.

~My answer ~

Uh... I have too many OCs xD.

#33

If you were one of the three - Lionblaze, Jayfeather, or Dovewing - which would you be?

~My answer~

Is none of them an option?

Random human: Nope.

Okay, Jayfeather.

#34

If you were a villain from *Warriors,* which would you be?
Regardless of gender.

~My answer~

I like Darkstripe... Maybe Tigerstar...?

#35

Who is your favorite villain of all time?

~ My answer~

Probably Tigerstar.

#36

Who is your favorite hero of all time?

~ My answer ~

Um... Sandstorm, or Ivypool probably. Or Breezepelt. Jes more of am anti-hero though.

-Whitestorm
-Thistleclaw
-Tigerstar
-Hawkfrost
-Runningwind
-Millie
-Silverstream
-Brindleface
-Mapleshade
-Ivypool

~My answer ~

Runningwind, or Whitestorm.

#38

Okay, so someone pointed out that in the last story part, there were none, or at least very few, ShadowClan choices, so, starting with ShadowClan, I will be asking you which cats you want as mates, but they will be from one Clan, for the first one, it will be ShadowClan.

Example: Crookedjaw, Lostface, Halftail

~My answer~

Um... Kinktail, because one of my OCs broke her tail.

#60

~My answer~

Leopardstar!
